

The DOD Phasor 201 brings back the classic analog phaser effect with over 40 years of history and experience behind it. The 2013 version of the Phasor 201 is better than ever before with true bypass, a crisp blue LED indicator, and modern 9V DC power supply input. Redesigned with a lighter aluminum chassis, sleek blue metallic flake and flat black matte bottom paint job, the 2013 DOD Phasor 201 pedal provides beautiful swirly warm phase effects.
